

Do you feel the current Lighting Guideline needs to be revised? Please see the lighting guideline description above, as it appears in the Third Amendment to the Design Guidelines.

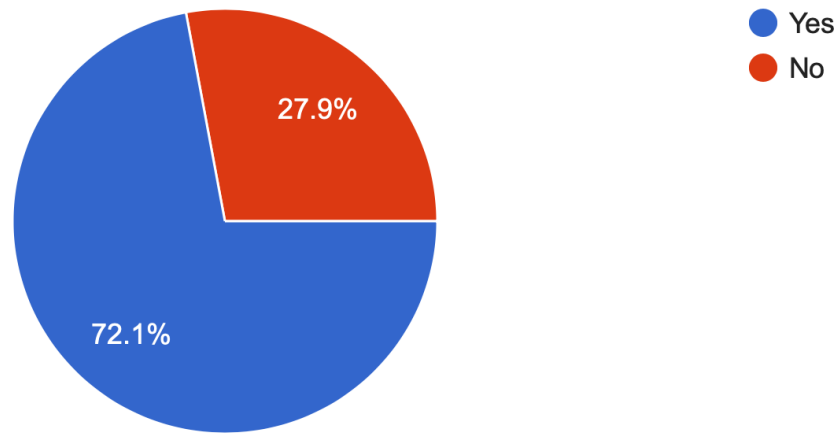

138 responses

- I like the guideline as it is currently written.
- I think the guideline is on the right track, but I have some comments.
- I think the guideline should be different, and I have some comments.
- I am indifferent to changes with this guideline.

Would you support the District allowing homeowners to install permanent LED lighting systems on the FRONT only of the exterior of their homes?
